PART A: STRATEGIC OVERVIEW OF THE ASSEMBLY

Establishment of the District

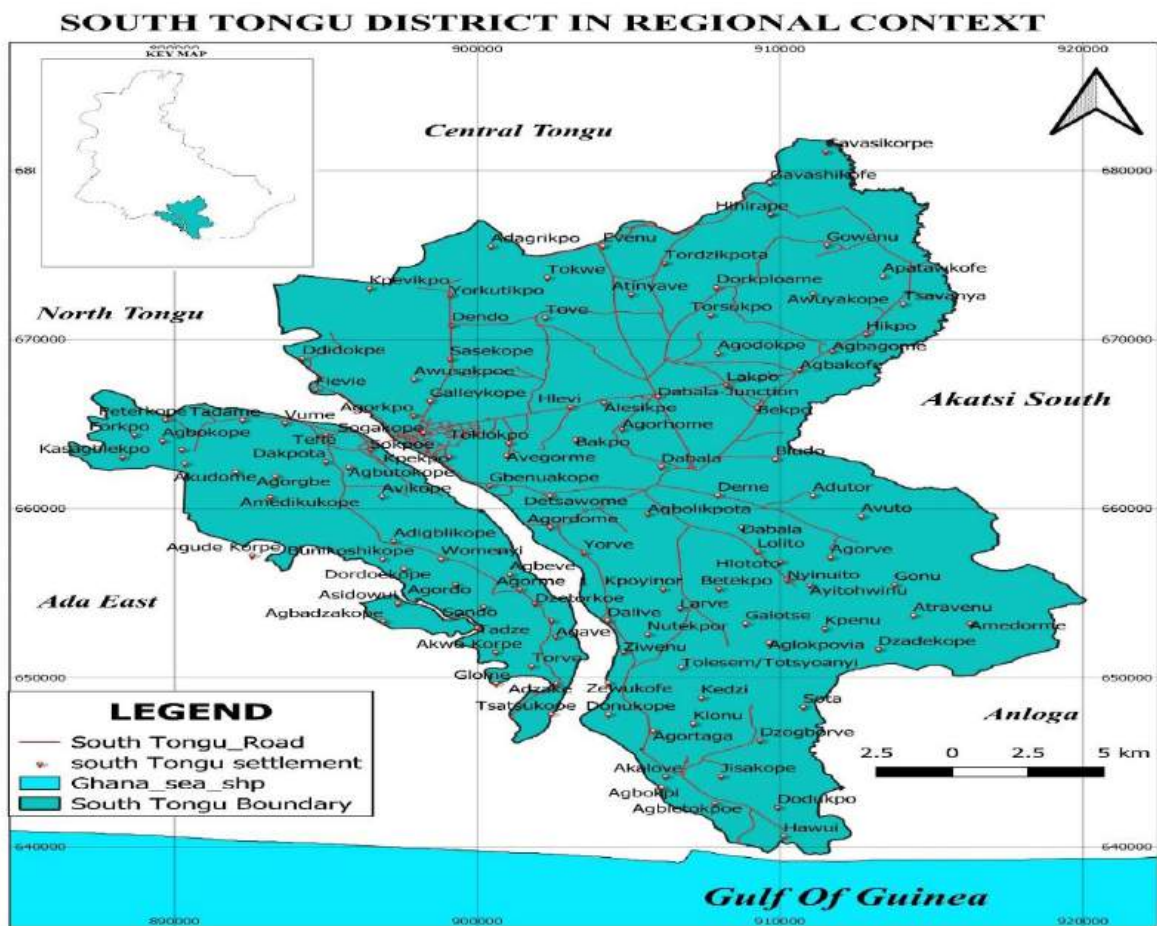

The South Tongu District Assembly was established as part of Ghana's decentralization process, which aims to make District Assemblies the pivot of development activities in the country. This process is significantly influenced by the 1992 Fourth Republican Constitution of Ghana, the Local Governance Act 2016 (Act 936), the National Development Planning Commission Act 1994 (Act 479), and the Development Planning Systems Act 1994 (Act 480). These legislative frameworks tasked the Assemblies with ensuring the overall development of their jurisdictions through the formulation and execution of Development Plans and programs and designing strategies for the mobilization and prudent utilization of revenue.

The South Tongu District Assembly was officially established by Legislative Instrument (L.I.) 1466 of 1989. It serves as the highest political decision-making body in the district, endowed with deliberative, legislative, and development powers and functions. The district has one constituency, forty electoral areas, and four Area Councils (Sogakope, Dabala, Larve, and Agave-Afedume). The Assembly comprises 60 members, including one Member of Parliament (MP) and the District Chief Executive. It operates through five statutory Sub-Committees (Development Planning, Finance and Administration, Justice and Security, Works, Social Services) and an Executive Committee chaired by the District Chief Executive. Additionally, the Assembly functions through other committees such as the Tourism and Sanitation Sub-Committee, Budget Committee, Audit Committee, and Public Relation and Complaints Committee. Thirteen departments exist under the District Assembly to implement its policies, programs, and projects.

Geographically, the South Tongu District lies between latitudes 6°10' and 5°45' North and longitudes 30°30' and 0°45' East. It is bounded to the North by the Central and North Tongu Districts, to the East by the Akatsi South District, to the West by the Ada East District of the Greater Accra Region, and to the South by the Anloga District and a short coastline. The district occupies a total land area of 665 square kilometers, representing 7.0 percent of the land size of the Volta Region.

The establishment of the South Tongu District Assembly has been pivotal in driving development initiatives and ensuring the effective governance of the district. Through its various administrative structures and committees, the Assembly continues to work towards the socio-economic advancement of the district, addressing the needs of its population and fostering sustainable development.

Figure 1: Map of South Tongu District

Population Structure

a) Population Size and Distribution

The total population of the district is 113,114 in the 2021 PHC from a figure of 87,950 in the 2010 PHC. The district population represents 6.8 percent of the regional population (1,659,040). Females constitute 53.6 percent (60,626) while males constitute 46.4

percent (52,488). With a growth rate of 1.24%, the population is projected to be 118,825 by 2025. The district is largely rural with majority (68.9%) of the population living in rural areas. The population density of the district is about 170.2 persons per square kilometer which is lower than that of the Region (174.6 persons per square kilometer). The district has a total household of about 31,600 with an average household size of 3.5. This indicates a relatively small household size, which could be attributed to urbanization and changing family structures. The Ewe ethnic group dominates the district, making up 93.7% of the population. Other ethnic groups include the Ga-Dangme (2.38%) and Akans (2.11%). In terms of religion, Christians form the majority (85.4%), followed by Traditionalists (5.94%) and Muslims (2.3%). There is peaceful coexistence among the various religious groups in the district.

b) Age-Sex Structure (Population Pyramid)

The pyramid shows a broad base, indicating a large number of young people. This youthful population is very active and forms a significant portion of the district's demographic profile. The aged population, those above 60 years, constitutes about 8% of the total population. This suggests that while the district has a substantial number of young people, there is also a notable proportion of elderly residents who require social services and interventions.

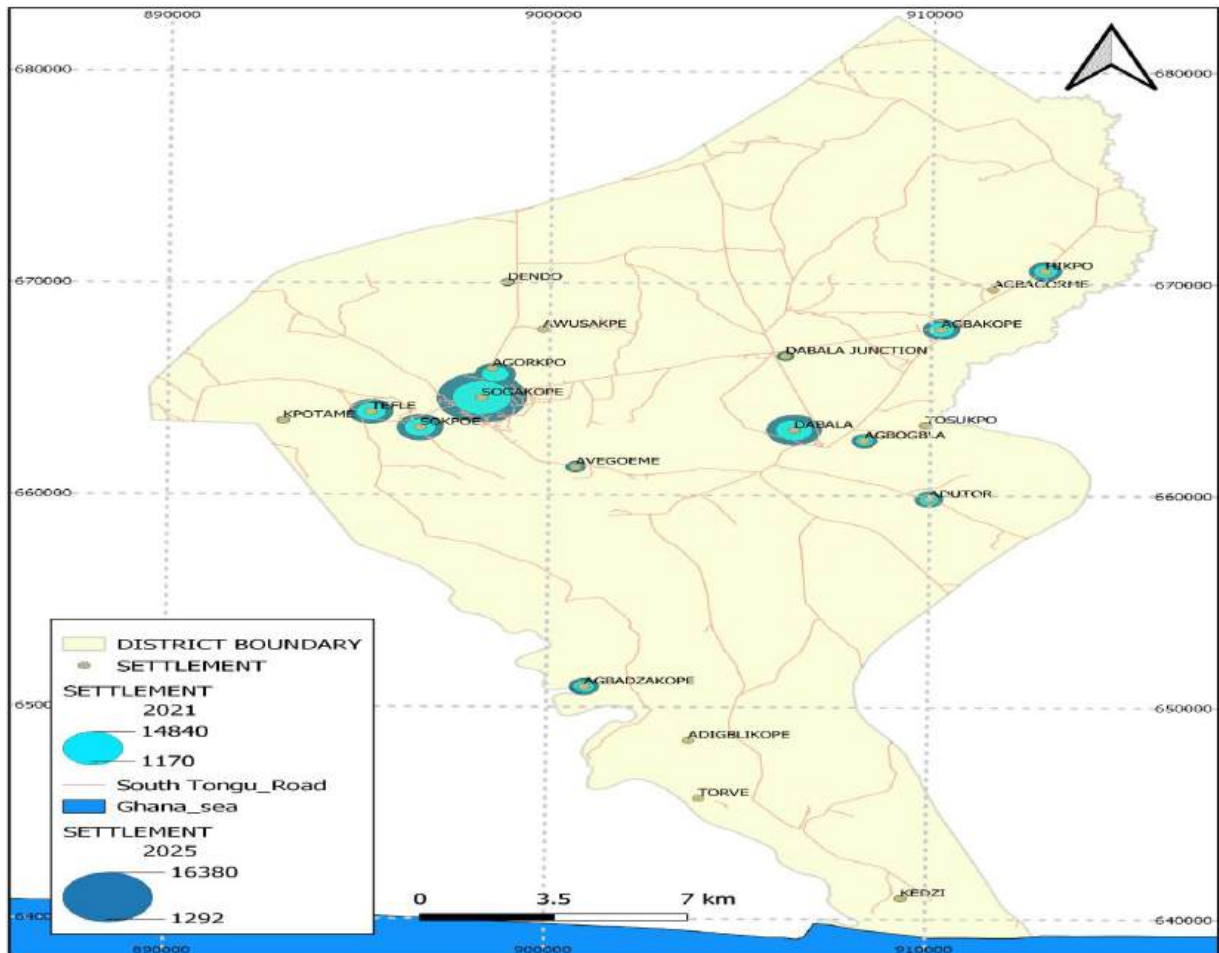

Figure 2: Population pyramid

c) Spatial Distribution of Population

In terms of spatial distribution, the population density is higher in communities along major roads such as Sogakope, Dabala, Sokpoe, Tefle, Vume, Agorkpo, Adutor, Kpotame, and Agbakope. However, the population is more sparsely distributed in the eastern section of the district, where road networks are poor. Approximately 52% of the district's population resides in urban areas, particularly in the towns of Sogakope, Sokpoe, Tefle, and Vume. This urban concentration suggests a shift towards urban living, driven by better access to services and economic opportunities.

Figure 3: Spatial Distribution of Population

This demographic structure has significant implications for planning and development. The large youthful population suggests a need for investments in education, employment opportunities, and recreational facilities. At the same time, the presence of an elderly population highlights the importance of healthcare services and social support systems.

Vision

The South Tongu District Assembly has a vision to be a district with best practices in Local governance, socio-economic development and natural resource management.

Mission

To improve the quality of life of the people through effective mobilization of the human, material, and financial resources for accelerated socio-economic development and to create an enabling environment for private sector participation.

Goals

The goal of the South Tongu District Assembly is to facilitate improvement in the quality of life of the people in the district through the provision of basic social services and infrastructure and to promote socio-economic development within the context of good governance and in partnership with key stakeholders.

Core Functions

The core functions of the District Assembly as stated in Section 12 of the Local Governance Act 936 are as follows:

1. Formulate and execute plans, programmes, and strategies for the effective mobilization of the resources necessary for the overall development of the district.
2. Promote and support productive activity and social development in the district and remove any obstacles to initiative and development.
3. Promote economic development in the district
4. Initiate programmes for the development of basic infrastructure and provide District works and services in the district.
5. Responsible for the development, improvement and management of human settlements and the environment in the district.
6. Responsible for the maintenance of security and public safety in the district.
7. Promote justice by ensuring ready access to courts in the district.
8. Execute approved development plans for the district.
9. Guide, encourage and support sub-district local structures, public agencies, and local communities to perform their functions in the execution of approved development plans.

10. Monitor the execution of projects under approved development plans and assess and evaluate their impact on the development of the district and national economy in accordance with government policy.
11. Co-ordinate, integrate and harmonize the execution of programmes and projects under approved development plans for the district and other development programmes promoted or carried out by Ministries, Departments, public corporations, and other statutory bodies and non-governmental organizations in the district.

District Economy

The South Tongu District's economy is predominantly agrarian, with agriculture being the mainstay of the local economy. Approximately 46.7% of the economically active population is engaged in agricultural activities. The district's agricultural sector is diverse, encompassing crop production, livestock rearing, and fisheries.

a) Agriculture

Agriculture is the backbone of the South Tongu District's economy, employing approximately 46.7% of the economically active population. The district's agricultural sector is diverse, encompassing crop production, livestock rearing, and fisheries.

Crop production

A high proportion of households (90.9%) in rural areas and 73.6% in urban areas are engaged in crop farming. The major crops grown in the district include cassava, beans, maize, rice, okro, pepper, groundnut, garden eggs, sugarcane, rice, tomatoes, sweet potatoes, and mango. Rice is cultivated commercially in areas such as Fievie and Kpenu. Pepper farming is a significant agribusiness activity in communities like Agbakope, Agbagorme, Hikpo, Sasekope, Dendo, and Tsavanya. Onion farming is also gaining traction in Gbonorkope and Fievie.

Livestock rearing

Livestock rearing is more prominent in urban areas, with chicken, cattle, goats, sheep, piggery, guinea fowl, and ducks being the major livestock. Cattle rearing dominates, possibly influenced by the absence of tsetse fly, short grasses, and low rainfall pattern. Most of the animals are reared on subsistence basis except cattle, poultry and few others which are undertaken for commercial purposes.

Fisheries

The district's numerous water bodies, including the Volta River, creeks, and lagoons, support a thriving fishing industry. The Volta River is rich in tilapia and freshwater clams (Adodi), among other fish species. Fish farming is also practiced along sections of the river, with the harvested fish sold within and outside the district.

Gender Distribution in Agriculture

The agriculture sector employs 53.9% males and 41.3% females, indicating a higher male participation in agricultural activities.

Challenges and Opportunities

The district faces several challenges in the agricultural sector, including:

- Poor road networks: Affecting the transportation of agricultural produce.
- Limited access to modern farming techniques: Hindering productivity.
- Inadequate storage facilities: Leading to post-harvest losses.

However, there are also opportunities for growth and development, such as:

- Introduction of modern farming techniques: To increase productivity.
- Improvement of road networks: To facilitate the transportation of produce.
- Development of storage facilities: To reduce post-harvest losses.

b) Road Network

The road network in the South Tongu District is a crucial component of its economy, facilitating the movement of people, goods, and services. The district's road infrastructure includes major highways, feeder roads, and access roads that connect various communities and economic hubs.

The ECOWAS highway, which runs from Aflao to Tema, passes through the South Tongu District. This highway is a vital artery for regional trade and transportation, linking the district to major cities and neighboring countries. The highway's presence has turned towns like Sogakope, Dabala, and others into commercial hubs, fostering brisk business activities.

Feeder roads are essential for connecting rural communities to the major highways and urban centers. These roads link settlements in the Agave-Afedume and Larve Area Councils. However, many feeder roads in the district are untarred and become unmotorable during the rainy seasons, hindering the easy movement of people, goods, and services. This situation slows down economic activities and adversely affects people's income.

Access roads within the district are critical for local transportation. Some communities, such as Adutor, Avuto, Agbogbla, and their surrounding villages, are linked to Dabala (the commercial hub of the area) by a tarred feeder road of about 27 km. Another tarred road of about 45 km connects Dabala Junction in the South Tongu District to Anloga in the Anloga District. These roads are vital for the transportation of agricultural produce and other goods to markets.

Challenges

The road network in the South Tongu District faces several challenges:

- **Poor Road Conditions:** Many feeder roads are in poor condition, especially during the rainy seasons, making them difficult to navigate.

- Limited Maintenance: There is a need for regular maintenance and upgrading of roads to ensure they remain passable throughout the year.
- Inadequate Infrastructure: Some areas lack proper road infrastructure, which hampers economic activities and access to essential services.

Opportunities

Despite these challenges, there are opportunities for improving the road network in the district:

- Investment in Road Infrastructure: Investing in the construction and maintenance of roads can significantly enhance transportation and economic activities.
- Public-Private Partnerships: Collaborations between the government and private sector can help fund and develop road projects.
- Community Involvement: Engaging local communities in road maintenance and development projects can ensure sustainability and local ownership.

c) Energy

The energy sector in the South Tongu District is a vital component of its economy, supporting various activities and contributing to the overall development of the district. The energy profile includes electricity, renewable energy sources, and traditional energy sources.

Electricity

Electricity is a primary source of energy in the South Tongu District. The district is connected to the national grid, providing electricity to both urban and rural areas. However, there are disparities in access, with urban areas having better coverage compared to rural areas. Efforts are ongoing to extend electricity to more remote communities to ensure equitable access. Approximately 54.49% of households in the district have access to electricity from the national grid. This access is higher in urban areas (59.31%) compared to rural areas (52.06%). The district has made significant investments in street lighting, with around 200 streetlights provided and maintained in

various communities. This initiative enhances security and supports economic activities during the night.

Renewable Energy

The South Tongu District has significant potential for renewable energy development, particularly in solar and biomass energy.

Solar Energy: The district's geographical location and climate conditions are favorable for solar energy generation. Solar panels are increasingly being used in households and institutions to supplement electricity from the national grid. This shift towards solar energy is part of efforts to promote sustainable and clean energy sources.

Biomass Energy: Biomass, including wood fuel and agricultural residues, is a traditional energy source in the district. It is widely used for cooking and heating, especially in rural areas. Efforts are being made to improve the efficiency of biomass energy use and reduce its environmental impact.

Traditional Energy Sources

Traditional energy sources, such as wood fuel and charcoal, remain significant in the South Tongu District, particularly in rural areas.

Wood Fuel and Charcoal: These are the primary sources of energy for cooking and heating in many households. The reliance on wood fuel and charcoal poses environmental challenges, including deforestation and air pollution. Initiatives to promote the use of improved cookstoves and alternative energy sources are being implemented to address these issues.

Challenges and Opportunities

The energy sector in the South Tongu District faces several challenges, including:

- **Limited Access in Rural Areas:** Despite efforts to extend electricity, some rural communities still lack access to reliable energy sources.

- **Environmental Impact:** The use of traditional energy sources, such as wood fuel and charcoal, contributes to deforestation and air pollution.
- **Infrastructure Development:** There is a need for continuous investment in energy infrastructure to ensure reliable and sustainable energy supply.

However, there are also opportunities for growth and development:

- **Renewable Energy Development:** The district has significant potential for solar and biomass energy development, which can provide sustainable and clean energy solutions.
- **Energy Efficiency Initiatives:** Promoting energy efficiency and the use of improved cookstoves can reduce the environmental impact of traditional energy sources.
- **Public-Private Partnerships:** Collaborations between the government and private sector can help fund and develop energy projects, enhancing energy access and sustainability.

d) Health

The health sector in the South Tongu District is a critical component of its economy, providing essential services to the population and contributing to overall socio-economic development. The district's health infrastructure includes hospitals, health centers, clinics, and Community-based Health Planning and Services (CHPS) compounds.

Health Facilities

The district is divided into six health sub-districts: Sogakope, Dorkploame, Sotevu, Dabala-Adutor, Dordoekope, and Agorta-Gamenu. Healthcare services are delivered at three levels:

1. **CHPS Compounds:** These are the first level of healthcare delivery, providing basic health services to communities. The district has 19 CHPS compounds located in various communities, including Asidowui, Agbeve, Dzebetato, Tefle, Sokpoe, Sokutime, Agbakope, Larve, Gonu, Hikpo, Dalive, Tosukpo, Agorta, Dzogborve, Gamenu, Sogakope, Sasekope, Besakope, and Dorkploame.

2. **Health Centers/Clinics:** The second level of healthcare delivery is provided by health centers and clinics. The district has four health centers located in Dordoekope, Kpotame, Adutor, and Dabala.
3. **Hospitals:** The third level of healthcare delivery is provided by hospitals. The district has two hospitals: the District Hospital and Richard Novati Catholic Hospital in Sogakope.

Healthcare Services

The South Tongu District occupies a unique location along the Trans West African highway and has two major hospitals with full-blown facilities to carry out major and critical healthcare services. The District Hospital is being upgraded to host trauma center facilities to cater for emergencies that may occur through accidents along the highway. People from the Republic of Togo and individuals from neighboring districts also patronize the hospitals. Its elevation to Municipal Hospital will bring further investment and opportunities for growth that will benefit patrons from its catchment areas. The hospitals also serve as training centers for medical students. It is also projected that two health centers (Dabala Health Center and Adutor Health Center) in the district will soon be redesignated into polyclinics and additional facilities provided to further enhance medical care in the district.

Distribution of health facilities

Type	No.	Operator				Location
		GHS	CHAG	PRIVATE	PPAG	
Hospital	2	1	1	0	0	Sogakope
Health Centre	4	4	0	0	0	Dordoekope, Kpotame
CHPS Compounds	19	19	0	0	0	Akplale, Asidowui, Agbeve, Dzebetato Tefle, Sokpoe, Sokutime, Agbakope, Larve, Gonu, Hikpo, Dalive, Tosukpo, Agorta, Dzogborve, Gamenu, Sogakope, Sasekope, Besakope, Dorkploame

Clinics	2	0	0	1	1	Sogakope
Maternity Homes				1		Sogakope
Total	25	24	1	2	1	

ii) Clinical Staff strength

The availability of doctors, nurses, and midwives is crucial for improving healthcare delivery in the district. The district has seen an increase in the number of key health personnel over the years:

Staff strength of key health professionals

Cadre of personnel	2021		2022		2023	
	No	Patient Ratio	No	Patient Ratio	No	Patient Ratio
Midwives	93	1:293	103	1:1121	103	1: 1121
Nurses	96	1:214	501	1:238	478	1:272
Doctors	18	1:6308	21	1:5499	18	1:5,896

Health Programs and Initiatives

The district implements various health programs and initiatives to improve healthcare delivery and address health challenges:

- **Immunization and Malaria Control:** Programs to support immunization and malaria control are actively implemented.
- **Disease Surveillance and Public Health Outreach:** Regular disease surveillance and public health outreach programs are conducted to monitor and control the spread of diseases.
- **HIV/AIDS Prevention and Response:** The district celebrates World AIDS Day and supports HIV/AIDS prevention and response programs.
- **Maternal and Child Health:** Efforts are made to improve maternal and child health through various interventions and programs.

Challenges and Opportunities

The health sector in the South Tongu District faces several challenges, including:

- **Limited Access in Rural Areas:** Despite efforts to extend healthcare services, some rural communities still lack access to reliable health facilities.
- **Infrastructure Development:** There is a need for continuous investment in health infrastructure to ensure reliable and sustainable healthcare delivery.
- **Staffing and Resources:** Ensuring adequate staffing and resources for health facilities remains a challenge.

However, there are also opportunities for growth and development:

- **Upgrading Health Facilities:** Upgrading existing health facilities and establishing new ones can enhance healthcare delivery.
- **Training and Capacity Building:** Investing in the training and capacity building of healthcare personnel can improve the quality of healthcare services.
- **Public-Private Partnerships:** Collaborations between the government and private sector can help fund and develop health projects, enhancing healthcare access and sustainability.

e) Education

The education sector in the South Tongu District plays a crucial role in the socio-economic development of the area. The district has a diverse range of educational institutions, including kindergartens, primary schools, junior high schools, senior high schools, and technical vocational institutes.

Distribution of Educational Facilities

The district boasts a total of 356 educational institutions, which are both public and privately owned. These include:

- 131 Kindergartens: 90 public and 41 private.
- 129 Primary Schools: 88 public and 41 private.
- 91 Junior High Schools (JHS): 67 public and 24 private.

- 3 Senior High Schools (SHS): All public.
- 2 Technical Vocational Institutes (TVET): Both public.

This distribution ensures that educational opportunities are accessible to children and young adults across the district, providing a foundation for lifelong learning and skill development.

Number of public and private schools by level.

Level	Public	Private	Total
KG	90	41	131
Primary	88	41	129
JHS	67	24	91
SHS	3	0	3
TVET	2	0	2
TOTAL	250	106	356

i) Students Enrollment and Teacher Distribution

The district has a significant number of students enrolled at various educational levels, with primary schools having the highest enrollment. The distribution of students and teachers is as follows:

Student enrolment and teacher distribution

LEVEL	ENROLLMENT			TEACHERS					
	BOYS	GIRLS	TOTAL	TRAINED			UNTRAINED		
				M	F	TOTAL	M	F	TOTAL
KG	4,335	4,252	8,587	21	196	217	13	30	43
Primary	9,837	9,780	19,617	201	335	536	15	50	65
JHS	3,938	3,775	7,713	310	170	480	6	4	10
SHS	1,438	2,870	4,308	155	98	253	25	15	40
TVET	1,573	776	2,349	31	18	49	24	16	40
TOTAL	21,121	21,453	42,574	718	817	1,535	83	115	198

ii) GER, NER, GPI, PTR, TR/CR and PCR by School level

Table 1.5 shows performance of key educational sector indicators by school level in the district. Pupil classroom ratio is high at kindergarten level which means more classroom is needed at that level. Also, gender parity index indicates that more female than male students are enrolled at the Senior High School level which is due to presence of an all-girls Senior High School in the district.

Educational indicators

INDICATOR	GER	NET	GPI	TR/CR	PCR	PTR
KG	109.50%	76.09%	1.02	110.00%	42:1	26:1
PRIM	110.5%	82.5%	1.00	93%	24:1	31:1
JHS	90.1%	76.02%	0.91	65.3%	12:1	29:1
SHS	62.2	-	1.58	99%	39:1	18:1

iii) Furniture Situation in Public Schools

Most schools across all levels in the district do not have adequate furniture, a situation that has resulted in some pupils seating on long benches while other seats accommodate more learners than required. From available data, about 4,283 pieces of furniture mix is required at different levels to address the issue.

IV) School Infrastructure

A high number of schools attend class in deplorable structures. While some require new structure all together, others require urgent attention to prevent total collapse of the school structures. There are also inadequate teachers' accommodation in many school towns especially in the rural areas and this needs to be addressed.

Challenges and Opportunities

The education sector in the South Tongu District faces several challenges, including:

- Infrastructure Deficits: Some schools lack adequate classroom space, furniture, and learning materials.

- **Teacher Shortages:** There is a need for more trained teachers, particularly in rural areas.
- **Access to Quality Education:** Ensuring that all children, regardless of their location, have access to quality education remains a priority.

However, there are also significant opportunities for growth and improvement:

- **Investment in Infrastructure:** Upgrading and expanding school facilities can enhance the learning environment.
- **Teacher Training Programs:** Investing in the professional development of teachers can improve the quality of education.
- **Community Engagement:** Encouraging community involvement in education can foster a supportive environment for students and schools.

Government Initiatives

The South Tongu District Assembly, in collaboration with the Ghana Education Service (GES) and other stakeholders, has implemented various initiatives to address these challenges and improve educational outcomes. These include:

- **School Feeding Programs:** Providing meals to students to improve attendance and concentration.
- **Scholarships and Financial Support:** Offering financial assistance to brilliant but needy students.
- **Infrastructure Projects:** Constructing and renovating classroom blocks, providing furniture, and improving school facilities.

f) Market Centres

Dabala and Sogakope markets are the two major markets that facilitate trading activities in the district. These markets are hosts to traders not only from the district but also from other adjoining districts. The district has vibrant micro, small and medium scale industries which include cassava, fish and soya beans processing, soap and detergent making, bakery and confectionary, pottery, mat weaving, batik tie and dye, crop drying, water

purification and metal fabrication. These industries are served by commercial banks (GCB Bank, Agriculture Development Bank), Agave Rural Bank, Mepe Rural Bank and non-bank financial institutions (micro savings & loans companies). A relatively high proportion of females (22.7%) than males (12.1%) in the district are engaged in the industrial and manufacturing sector.

Economic Impact

The market centers in the South Tongu District contribute significantly to the local economy by:

- **Providing Employment:** The markets create employment opportunities for traders, transporters, and various service providers. Many residents rely on market activities for their livelihoods.
- **Facilitating Trade:** The markets serve as key points for the exchange of goods and services, promoting trade within the district and with neighboring regions.
- **Supporting Agriculture:** The markets provide a platform for farmers to sell their produce, ensuring a steady income and encouraging agricultural production.
- **Promoting Local Products:** The markets are essential for the sale of traditional crafts, artisanal products, and locally made goods, supporting local industries and preserving cultural heritage.

Challenges and Opportunities

The market centers in the South Tongu District face several challenges, including:

- **Infrastructure Deficits:** both markets lack adequate infrastructure, such as market sheds, storage facilities, and sanitation services.
- **Seasonal Variations:** Market activities can be affected by seasonal variations, impacting the availability and prices of goods.
- **Transportation Issues:** Poor road networks and transportation challenges can hinder the movement of goods to and from the markets.

However, there are also opportunities for growth and improvement:

- **Infrastructure Development:** Investing in market infrastructure can enhance the trading environment and attract more traders and buyers.
- **Market Expansion:** Expanding existing markets and establishing new ones can accommodate the growing population and increase trade activities.
- **Support for Local Traders:** Providing training, financial support, and business advisory services to local traders can improve their business operations and boost the local economy.

g) Water and Sanitation

Table 6 presents a comprehensive overview of water sources for household usage in the district, highlighting distinct patterns between urban and rural areas. Pipe-born water emerges as the primary source, constituting 54.49% district-wide. However, urban areas exhibit a higher reliance on pipe water (59.31%) compared to rural areas (52.06%). Notably, River/Stream usage is more prevalent in rural settings (17.16%) than in urban locales (5.26%). Bore-hole/Pump/Lake/Dam/Canal usage is more prominent in rural areas (2.89%). The category labelled as 'Others' encompasses diverse sources, with a district-wide usage of 28.93%, showing variations between urban (34.33%) and rural (26.22%) preferences. This data underscores the diversity in water sources across the district, emphasizing the need for targeted strategies in water resource management and infrastructure development. The data also suggest that more funds should be allocated for healthcare services and awareness programs to mitigate water-borne diseases and improve overall public health.

Sources of water for household usage.

Source of Water	Water usage by Households		
	District (%)	Urban (%)	Rural (%)
River/Stream	13.18	5.26	17.16
Pipe born	54.49	59.31	52.06

Bore-hole/Pump/Tube well	0.87	0.63	0.99
Rainwater	0.51	0.18	0.68
Dugout/Pond/Lake/Dam/Canal	2.02	0.28	2.89
Others (protected well & spring, bottled water, sachet water, tanker supply/vendor provided, unprotected well & spring)	28.93	34.33	26.22

Source: GSS, 2021 PHC

Sanitation

Table 7 below offers insights into the diverse landscape of toilet facilities used by households across the district, with notable variations between urban and rural areas. A significant portion of households, totaling 24.59%, resort to no facilities, relying on bush or fields, particularly pronounced in rural settings (38.81%) compared to urban areas (6.30%). Water closets are more prevalent in urban households (24.64%) than rural ones (7.48%). Pit latrines, a common choice, are used by 23.15% of households district-wide, showing a balance distribution between urban (21.65%) than in rural regions (15.03%). Public toilets incorporating various types, are utilized by 17.29% of households, demonstrating consistent usage across both urban (17.20%) and rural (17.34%) sectors. The data highlights the diverse sanitation practices with the district, emphasizing the importance of tailored sanitation policies and infrastructure development. Given the data on toilet sanitation, priority is given to investment in water and sanitation infrastructure. This includes support for Community-led Total Sanitation Program (CLTS), and addressing sanitation challenges in both urban and rural areas. Attention would be given to awareness creation about the importance of proper sanitation practices. This includes workshops, campaigns, and educational initiatives to promote behavioral change. Regular maintenance of sanitation facilities will ensure the sustainability of these facilities and prevents deterioration.

Type of toilet facility used by households

Toilet facility	Facility usage by Households		
	District (%)	Urban (%)	Rural (%)
No facilities (bush/beach/field)	24.59	6.30	33.81
Water Closet.	13.23	24.64	7.48
Biodigester/Biogas	3.02	4.34	2.35
Portable toilet	0.04	0.09	0.01
Pit latrine	23.15	21.56	23.89
KVIP	18.59	25.65	15.03
Public toilet (WC/KVIP/Pit Pan etc.)	17.29	17.20	17.34
Bucket/Pan	0.05	0.06	0.05
Other	0.04	0.07	0.03

Source: GSS, 2021 PHC

Method of Waste Disposal

According to 2021 PHC, majority of households (39.9 %) dispose of their solid waste through burning. Most households in both urban (38.2%) and rural (40.2 %) localities also use burning as a method of solid waste disposal. It was observed that indiscriminate disposal of solid waste is a method of disposal employed by urban households in the district.

With regards to liquid waste (wastewater) disposal, 66.6 percent of households in the district dispose their liquid waste (wastewater) onto their compound. Most urban households (65.3%) and rural households (66.8%) also dispose their liquid waste (wastewater) onto their compounds. Sewerage systems (1.1%) are the least used liquid waste (wastewater) disposal method in urban localities whereas through drainage into a pit (soak away) (0.5%) is the least used in rural communities in the district. However, the use of gutter for disposal of liquid waste (wastewater) is relatively low in rural than urban areas.

Method of waste disposal by households

Method of waste disposal	Disposal method used by Households		
	District (%)	Urban (%)	Rural (%)
Solid waste			
Collected	8.3	11.6	7.7
Burned by household	39.9	38.2	40.2
Public dump (container)	8.3	35.5	3.6
Public dump (open space)	23.7	6.0	26.7
Dumped indiscriminately	13.6	2.3	15.5
Buried by household	4.3	6.2	3.9
Other	2	0.2	2.3
Liquid waste			
Through the sewerage system	0.9	1.1	0.8
Through drainage system into a gutter	0.8	2.5	0.5
Through drainage into a pit (soak away)	1.4	2.5	1.2
Thrown onto the street/outside	26.1	21.5	26.9
Thrown into gutter	2.2	6.7	1.4
Thrown onto compound	66.6	65.3	66.8
Other	2	0.4	2.3

Source: GSS, 2021 PHC

The data from table 7 provides insights into the methods employed by households for waste disposal, categorized into solid and liquid waste. In terms of solid waste, a significant portion is collected, with urban areas leading at 11.6%, compared to 7.7% in rural areas. The difference in solid waste collection in urban and rural areas highlights potential infrastructure gaps that may impact waste management efficiency. This underscores the importance of considering local context when implementing waste management strategies. A considerable 66% is burned by households, indicating a prevalent disposal method. This might have environmental implications and raises questions about sustainable waste management practices. Public dump containers and open spaces are also utilized, with variations between urban and rural percentages.

For liquid waste, a minimal of 0.95 is directed through the sewerage system. Wastewater thrown into streets and outside spaces constitutes a substantial 26.1%, showcasing a common practice. Notably, most households, around 665, dispose of liquid waste by throwing in onto their compounds. This suggests a significant challenge in managing liquid waste, potentially contributing to environmental pollution and sanitation.

The data reflects a mix of formal and informal waste disposal methods, indicating a need for targeted interventions and education campaigns to promote more sustainable practices, especially in areas where indiscriminate dumping and burning are prominent.

h) Tourism

The picturesque banks of the Volta River, along with islands like Tuanikope, hold immense potential for the development of riverside resorts. The creeks flowing into the Volta reveals a diverse ecosystem, featuring waterfowls such as majestic pelicans near Agave-Afedume. Notably, the Avu Lagoon near Aduator serves as a sanctuary for numerous bird species and hosts the endangered amphibian antelope, the Sifatunga.

Capitalizing on the natural beauty of the Volta River presents exciting opportunities for promoting water sports, providing a boost to the hospitality industry and contributing to the district's economic growth. Additionally, the district is blessed with pristine sandy beach interspersed with coconut trees in Agorta, which naturally offers a place of relaxation to tourists.

The South Tongu district possesses untapped potential for tourism, from its serene riverbanks and islands to vibrant wildlife habitats and inviting beaches, making it a compelling destination for both nature enthusiasts and those seeking leisure gateways.

i) Environment

Natural Resource Endowment

The district is blessed with natural resources such as rivers, lagoons, streams, arable lands, grazing fields, clay, sand and gravel deposits. These resources can generally be grouped under mineral resources, arable land, and water resources. The mineral resources are sand, gravel and clay which is mainly extracted for pottery using indigenous technologies. Modern mining techniques however can be used to enhance the utilization and extraction of the resources especially river sand. The arable and grazing lands are used for crop production and animal rearing. The available technologies for extracting

these resources are basically indigenous, and improved farming methods like mechanization could enhance its extraction and utilization as well.

The water resources available are the Volta River, creeks and lagoons which are used for fishing, farming and tourism. Traditional and aquaculture methods are used to exploit these resources. In addition to that, pumping machinery would also enhance their extraction and utilization of these resources.

The effective utilization of these resources and providing the needed support will go a long way to attract tourists, generate income and improve the general economic development of the local people. The major challenges facing the use of the natural resources are the non-adherence to the available laws and the lack of proper documentation on the resources. It is recommended that the existing policies and laws be reviewed to make them easy to be adhered to. The law enforcement agencies could then again be implored to aid in effective and efficient implementation of these laws.

Air, water, and land pollution

The main source of air pollution is smoke from high vehicular traffic on ECOWAS highway and seasonal bush fires. Volta River is the source of raw water for treatment and distribution to towns and communities within and outside the district. However, sand winning goes on in some sections of the river and there is a need for the three Tongu Districts Assemblies and relevant institutions like Volta River Authority and Water Resource Commission to regulate these activities properly so as to secure the river from excessive pollution. Also, the increasing use of chemical fertilizers for farming especially in the marshy areas is source of both water and land pollution. Sensitization, tree planting and other Programmes on environmental degradation need be vigorously carried out in the district to address these issues.

Key Issues/Challenges

- Low investment in tourism at the local level
- Limited extension services and investment in agriculture production and processing
- Insufficient infrastructure and logistics for quality health care services
- Limited classroom blocks, staff accommodation and logistics for teaching and learning
- Limited coverage of social protection programmes for vulnerable groups including PWDs
- Poor environmental sanitation in some communities, e.g., open defecation
- Poor and inadequate rural infrastructure and services, including poor quality of roads.
- Delay in project implementation
- Poor drainage system
- Climate variability and change
- Flooding due to environmental degradation and dam spillage and unplanned settlements
- Gender disparities in education, employment, and local decision making.
- Inadequate local plans and planning schemes

Key Achievements in 2024

- 1No. 18 Shower points and 12No. water closet at constructed at Sogakope Senior High School.
- 2No. 8 Unit Open Shed constructed at Dabala Market
- 1No. Semi-detached nurses' quarters constructed at Hlortorto
- 1No. 4-unit classroom block with ancillary facilities constructed at Sogakope Technical Institute.
- Financial support for needy but brilliant students.
- Organization of Mock examination and BECE for JHS pupils
- Carried out ISS child protection programmes

Revenue and Expenditure Performance

The financial performance of the South Tongu District Assembly is a critical aspect of its overall governance and development strategy. This analysis provides a comprehensive overview of the revenue and expenditure performance for the years 2022, 2023, and 2024, with a particular focus on the actual performance up to September 2024.

The revenue performance is categorized into various sources, including Internally Generated Funds (IGF), central government transfers, and other external sources. The IGF, which includes Property Rates, Fees, Licenses, Land, and Rent, has shown varying levels of performance across the years. While some revenue items have performed well, others have underperformed, indicating areas that require strategic improvements.

Expenditure performance is analyzed under three main categories: Compensation, Goods and Services, and Assets. The analysis reveals a mixed picture, with Compensation performing relatively well, while Goods and Services and Assets have significantly underperformed. This highlights the need for improved budget execution and fund utilization to ensure that the Assembly's financial resources are effectively managed and allocated.

Revenue Collection: The overall IGF performance stands at 45% for 2024, indicating a need for enhanced strategies to boost internal revenue generation.

Expenditure Management: The total expenditure performance stands at 43.5% for 2024, underscoring the necessity for better budget execution and efficient allocation of resources.

Revenue

Table 1: Revenue Performance – IGF Only

REVENUE PERFORMANCE – IGF ONLY							
ITEMS	2022		2023		2024		% performance as at September, 2024 $\frac{\text{Actual}}{\text{Budget}} \times 100$
	Budget	Actuals	Budget	Actuals	Budget	Actuals as at September	
Property Rates	200,750.00	102,641.15	225,000.00	51,540.93	200,000.00	39,874.30	20%
Other Rates (Specify)	2,000.00	0.00	3,000.00	4,752.90	5,000.00	1,300.50	26%
Fees	364,750.00	246,805.85	281,498.95	209,632.40	290,000.00	261,989.00	90%
Fines	6,000.00	250.00	13,500.00	700.00	5,000.00	268.00	5.4%
Licences	211,000.00	258,223.00	391,651.05	294,164.90	407,400.00	157,888.03	39%
Land	150,000.00	138,543.00	350,000.00	391,797.80	405,400.00	95,588.20	24%
Rent	115,500.00	80,172.00	69,000.00	73,705.00	78,600.00	73,562.30	94%
Investment	0.00	0.00	0.00	0.00	0.00	0.00	0
Sub-Total	1,050,000.00	826,635.00	1,333,650.00	1,026,293.93	1,391,400.00	630,870.33	45%
Royalties	0.00	0.00	0.00	0.00	0.00	0.00	0.00
Total	1,050,000.00	826,635.00	1,333,650.00	1,026,293.93	1,391,400.00	630,870.33	45%

The table provides a detailed breakdown of the Internally Generated Funds (IGF) performance for the years 2022, 2023, and 2024, with a focus on the actual performance up to September 2024. The revenue items include Property Rates, Other Rates, Fees, Fines, Licenses, Land, Rent, and Investments.

The overall performance of IGF in 2024 up to September shows a mixed picture. While some revenue items like Fees (90%) and Rent (94%) have performed well, others like Property Rates (20%), Fines (5.4%), and Licenses (39%) have underperformed. The total

IGF performance stands at 45%, indicating a need for enhanced strategies to boost internal revenue generation.

Table 2: Revenue Performance – All Revenue Sources

REVENUE PERFORMANCE – All Revenue Sources							
ITEMS	2022		2023		2024		% performance as at September, 2024 $\frac{\text{Actual}}{\text{Budget}} \times 100$
	Budget	Actuals	Budget	Actuals	Budget	Actuals as at September	
IGF	1,050,000.00	832,159.63	1,333,650.00	1,026,293.93	1,391,400.00	630,870.33	45%
Compensation Transfer	3,102,086.39	3,218,410.19	4,751,043.38	5,354,755.96	6,215,895.47	4,594,139.22	75%
Goods and Services Transfer	110,336.00	34,266.28	88,000.00	123,044.35	93,500.00	0.00	0
Assets Transfer	0.00	0.00	0.00	0.00	0.00	0.00	0
DACF	4,835,639.18	2,229,863.64	3,480,066.48	2,025,693.91	5,713,617.60	1,425,852.73	25%
DACF-RFG	1,160,369.05	1,092,850.55	861,150.00	142,011.90	1,862,000.00	1,774,731.00	95%
Other Transfer (MAG)	75,569.73	75,569.74	118,197.24	118,197.24	30,000.00	0.00	0
UNICEF	20,000.00	10,000.00	20,000.00	10,000.00	30,000.00	15,000.00	50%
Total	10,354,000.35	7,493,120.03	11,364,107.10	8,799,977.29	15,336,412.13	8,440,593.28	55%

The revenue performance from 2022 to 2024 reveals a mixed picture of achievements and shortfalls across various funding sources.

Internally Generated Funds (IGF) have shown a consistent effort to increase revenue, with the budget rising from GHS 1,050,000.00 in 2022 to GHS 1,391,400.00 in 2024. However, the actual revenue collected as of September 2024 stands at GHS 630,870.33, achieving only 45% of the target. This indicates a significant shortfall and suggests the need for enhanced strategies to boost internal revenue generation.

Compensation Transfers have performed robustly, with actuals consistently surpassing the budgeted amounts. In 2024, the budget was GHS 6,215,895.47, and the actuals as of September 2024 reached GHS 4,594,139.22, achieving 75% of the target. This reflects effective management and allocation of compensation funds.

Goods and Services Transfers have faced challenges, with no actuals recorded for 2024, despite a budget of GHS 93,500.00. These zero performances suggest a delay of funds, which needs to be addressed to ensure smooth operations.

Assets Transfers have consistently shown no activity, with both budget and actuals remaining at zero across the years. This indicates no allocation or expenditure in this category.

District Assemblies Common Fund (DACF) has struggled to meet its targets, with actuals significantly lower than the budgeted amounts. In 2024, the budget was GHS 5,713,617.60, but the actuals as of September 2024 were only GHS 1,425,852.73, achieving just 25% of the target. This highlights a substantial gap in expected versus actual revenue.

DACF-Responsive Fund Grant (RFG) has shown impressive performance, with actuals nearly meeting the budgeted amounts. In 2024, the budget was GHS 1,862,000.00, and the actuals as of September 2024 were GHS 1,774,731.00, achieving 95% of the target. This indicates efficient utilization and receipt of funds.

Other Transfers (MAG) have faced challenges similar to Goods and Services Transfers, with no actuals recorded for 2024, despite a budget of GHS 30,000.00. This zero performance needs to be addressed to ensure proper fund allocation and utilization.

UNICEF funding has shown moderate success, with actuals achieving 50% of the budgeted amount in 2024. The budget was GHS 30,000.00, and the actuals as of September 2024 were GHS 15,000.00.

Overall, the total revenue performance as of September 2024 stands at 55%, indicating that while there have been successes in certain areas, there is significant room for

improvement to meet the annual targets. Enhanced strategies and efficient fund management are essential to bridge the gaps and achieve the desired revenue goals.

Expenditure

Table 3: Expenditure Performance-All Sources

EXPENDITURE PERFORMANCE (ALL DEPARTMENTS) ALL FUNDING SOURCES							
Expenditure	2022		2023		2024		% Performance (as at September, 2024) $\frac{\text{Actual}}{\text{Budget}} \times 100$
	Budget	Actual	Budget	Actual	Budget	Actual as at September,	
Compensation	3,294,086.39	3,428,088.95	5,116,898.59	5,664,132.04	6,615,894.47	4,669,792.80	70.5%
Goods and Service	3,651,088.48	2,913,622.11	3,533,093.72	2,688,321.63	4,673,078.40	1,707,635.76	36.0%
Assets	3,408,825.48	1,568,673.59	1,959,614.79	573,031.62	4,047,439.26	298,890.00	7.4%
Total	10,354,000.35	7,910,384.65	10,609,607.10	8,925,485.79	15,336,412.13	6,676,318.56	43.5%

The table provides a detailed breakdown of the expenditure performance for the years 2022, 2023, and 2024, with a focus on the actual performance up to September 2024. The overall expenditure performance in 2024 up to September shows a mixed picture. While Compensation has performed relatively well at 70.5%, Goods and Services (36%) and Assets (7.4%) have underperformed significantly. The total expenditure performance stands at 43.5%, indicating a need for improved budget execution and fund utilization.

Adopted Medium Term National Development Policy Framework (MTNDPF)

Policy Objectives

1. Develop effective, accountable, and transparent institutions at all levels
2. Implement appropriate social protection systems and measures.
3. Double agriculture productivity and incomes of small-scale food producers and non-farm employment
4. Develop quality, sustainable and resilient infrastructure to support economic development and human well-being.
5. Build resilience of people in vulnerable situations, reduce exposure to climate disasters.
6. Adopt policy and enforced legislation for promotion of gender equality and empowerment of women and girls.
7. Ensure affordable, equitable, accessible quality and universal health coverage (UHC) for all
8. Enhance inclusive and equitable access to, and participation in quality education at all levels.

Policy Outcome Indicators and Targets

Table 4: Policy Outcome Indicators and Targets

Outcome Indicator	Outcome Indicator Description	Unit of Measure	Baseline 2022		Past Year 2023		Latest Status 2024		Medium Term Target				
			Target	Actual	Target	Actual	Target	Actual as at September	2025	2026	2027	2028	
Increase in internally generated funds (IGF)	Measure of the increase in revenue generated internally by the district	Percentage (%)	10%	3.7%	10	24%	80	-	10%	10%	10%	10%

Number of new market sheds constructed	Count of new market sheds constructed	Number of sheds	4	4	4	2	4	2	4	4	4	4	4	4	4	4	4	4	4	4

Revenue Mobilization Strategies

1. Create a detailed inventory of existing signboards/billboards and temporary structures and intensify public education on guidelines and procedures for obtaining permit and renewing them.
2. Conduct biannual inspection and enforce penalties for non-compliance or failure to renew permit.
3. Organize ratepayers' consultation meetings and quarterly radio education/sensitization programmes on the fee fixing resolution.
4. Organize 2 townhall meetings for social accountability and 1 business forum to address concerns of business owners.
5. Organize one day capacity training workshop for all revenue collectors on fee fixing application and revenue collection strategies.
6. Sensitize traders on established guidelines and procedures for securing market sheds/stores/floor spaces.
7. Re-label all market sheds/stores and update data on market sheds/stores occupants at Sogakope and Dabala.
8. Provide logistics (reflectors, hats, boots, raincoats, bags, value books and ID cards) for revenue collectors.
9. Conduct quarterly monitoring/audit of revenue collection of market sheds/stores/warehouse rents at Sogakope and Dabala markets.
10. Engage a third party for the collection of corpse conveyance fee from district hospital and Richard Novati Catholic Hospital.
11. Extend coverage/intensify issuance for motorbike/tricycle/car stickers.
12. Deploy revenue taskforce for collection of arrears in first quarter, 2025 and enforce payment of 2025 fees.
13. Engage sub-district structures for collection of cattle rates.
14. Engage business associations/groups towards implementation of IGF capital projects and reward "compliant businesses".

PART B: BUDGET PROGRAMME/SUB-PROGRAMME SUMMARY

PROGRAMME 1: MANAGEMENT AND ADMINISTRATION

Budget Programme Objectives

- j) To effectively coordinate administrative processes to improve resource mobilization, financial management and reporting.
- To ensure transparent, accountable, and effective governance by providing robust legislative oversight to scrutinize, and monitor the implementation of policies, programmes, and budgets, thereby safeguarding the interest of the community and promoting responsible use of resources.
- To implement technology driven capacity building to improve performance and service delivery at all levels.

Budget Programme Description

The Management and Administration Program ensures the efficient operation of the Assembly by providing administrative and logistical support. It manages district resources, fosters relationship with key stakeholders, and comprises five sub-programmes: General Administration, Finance and Audit, Human Resource Management, Planning, Budgeting, Coordination and Statistics, Legislative Oversight. Funding sources include Central Government Transfers (GOG), District Assemblies Common Fund. Departments and Units involved are Central Administration, Finance, Human Resources, Statistics, Budget, Planning, Procurement, Transport, Internal Audit, and Records Management Unit. The program, executed by a staff of eighty-two (82), aims to benefit various stakeholders by ensuring effective and transparent operations.

The challenges that confront this Programme are: Budgetary constraints, staffing issues in some departments and units, inadequate technological infrastructure, challenges in stakeholder coordination, political interference, limited opportunities for staff training and capacity building, communication challenges and unforeseen environmental factors such as disasters.

SUB-PROGRAMME 1.1 General Administration

Budget Sub-Programme Objective

- To provide administrative support service to the various departments for effective implementation of development programmes of the Assembly.
- Streamline administrative processes and procedures to improve efficiency

Budget Sub- Programme Description

This program is designed to achieve effective implementation of development programmes and projects within the Assembly by delivering crucial administrative support services. The major services provided include streamlining administrative processes, offering logistics such as transport, security, maintenance, and stores management.

The program is delivered through organizational units including Central Administration, Stores, Procurement and Transport. These Units work collaboratively to ensure the availability of essential services and logistics to support the administrative functions of the Assembly.

Funding for the program is sourced from the DACF/DPAT and the Assembly's Internally Generated Funds (IGF).

Beneficiaries of the sub-program include various departments of the Assembly and the general public who rely on the efficient delivery of administrative services.

The programme is delivered by dedicated team of eighteen (18) personnel, actively contributing to the successful implementation of the sub-programme.

Key challenges faced by the sub-programme include issues like inadequate and untimely release of funds, as well as logistical constraints that impact the seamless delivery of the administrative support services.

Table 5: Budget Sub-Programme Results Statement

Main Outputs	Output Indicators	Past Years		Projections			
		2023	2024 as at September	2025	2026	2027	2028

SUB-PROGRAMME 1.2 Finance and Audit

Budget Sub-Programme Objective

- To coordinate and enhance transparency in resource mobilization, improve financial management and timely reporting.
- Improve financial management practices to ensure transparency and accountability.

Budget Sub- Programme Description

The Finance and Audit Sub-programme aims to coordinate resource mobilization, enhance financial transparency, and ensure timely reporting. Its primary goal is to improve financial management practices for increased transparency and accountability.

The Sub-programme operates through the General Accounts Office, Treasury, and Internal Audit Unit. With a dedicated staff of 27, it focuses on enhancing internal controls, managing assets and liabilities, preparing timely internal audit reports, and ensuring compliance with financial procedures. The Finance and Audit Sub-programme is funded through the DACF and IGF. Departments and units drawing financial support from the Assembly are the primary beneficiaries of this sub-programme.

The Sub-programme faces challenges such as inadequate office space for revenue officers, lack of comprehensive data on business establishments, and insufficient logistics for effective revenue mobilization. Addressing these challenges is crucial for the successful delivery of its objectives.

SUB-PROGRAMME 1.3 Human Resource Management

Budget Sub-Programme Objective

- Build staff capacity for improved performance and service delivery.

Budget Sub- Programme Description

The sub-programme is designed to enhance decision-making within departments, divisions and units, focusing on building manpower capacity. The ultimate goal is to improve workforce efficiency and organizational effectiveness.

The major services to be delivered include:

- conducting of assessment to enhance the overall structure and efficiency of human resources,
- systems to monitor, evaluate, and improve staff performance,
- developing and implementing strategies to enhance overall quality of service delivery
- establishing processes for staff development, promotions, and skill upgrades.
- Maintaining an electronic system for frequent updates of staff records.
- Ensuring efficient salary administration, recruitment processes.

Two dedicated staff members, in collaboration with department/unit heads, will spearhead the delivery of the subprogram. Primary funding sources include GOG Goods and Services, DACF, and IGF. Challenges include inadequate staff in the department and limited logistics that hinder the seamless operation of the sub-programme. The primary beneficiaries of this sub-programme are the staff of the District Assembly.

SUB-PROGRAMME 1.4 Planning, Budgeting, Coordination and Statistics

Budget Sub-Programme Objective

- Formulate and coordinate the development planning of the Assembly
- To establish and manage a comprehensive database for effective planning and budgeting
- To create awareness of statistical products for strategic decisions for the Assembly.

Budget Sub- Programme Description

The sub-Programme seeks to improve the Assembly's performance and decision making by ensuring timely availability of data and /or statistical products for planning and budgeting. It also seeks to help identify the needs of the communities in the district and the departments of the assembly and ensure the timely delivery of projects and programmes. The (3) main department/Unit for the delivery of the sub-programme include the Development Planning and Budget Unit and Statistics department. The main sub-programme operations:

- Executing the approved budget in line with budget implementation instructions and other relevant rules and procedures.
- Co-ordinate and develop annual action plans, monitor, and evaluate programmes and projects.
- Organizing stakeholder meetings, public forum, and town hall meeting.
- Establish and maintain a comprehensive District data base.
- Educate the public on statistical products.

Seventeen officers, including Budget Analysts, Development Planning Officers, and Statisticians, supervised by the Coordinating Director, will deliver the sub-programme. The main funding source of this sub-programme include DACF, DACF-RFG, IGF and GOG Transfers. The primary beneficiaries are the departments and the general public. Challenges hindering the sub-programme delivery include inadequate office space and logistics. Addressing these challenges is crucial for the successful implementation of the sub-programme.

SUB-PROGRAMME 1.5 Legislative Oversight

Budget Sub-Programme Objective

- To ensure transparent, accountable, and effective governance by providing robust legislative oversight to scrutinize, and monitor the implementation of policies, programmes, and budgets, thereby safeguarding the interest of the community and promoting responsible use of resources.

Budget Sub- Programme Description

This sub-programme formulates appropriate specific district policies aligned with national policies, engaging Area Councils, Subcommittees, and Executive Committee in deliberations. It focuses on managing and enhancing services delivery, accountability, and responsiveness to citizens within the district.

The Executive Committee's report undergoes consideration, approval, and passage by the General Assembly, transforming it into lawful district policies and objectives for district growth and development.

The Honourable Presiding Member leads the Legislative Oversight role, support by the District Coordinating Director. The main units are the sub-structures, the Office of the District Coordinating Director and the Presiding Member. With 58 Assembly Members, 4 Area Councils, a Coordinating Director, and Assistant Directors, these units collaborate to achieve the sub-programme objective.

The sub-programme is primarily financed through IGF. The substructures, Electoral Areas and local communities are the primary beneficiaries of the sub-programme.

Despite its goals, the sub-programme faces challenges due to inadequate logistics for substructures and delays in release of funds, impacting the implementation of activities. The large size of the General Assembly presents a significant challenge for funding of meetings.

PROGRAMME 2: SOCIAL SERVICES DELIVERY

Budget Programme Objectives

- Improve educational and health infrastructure to learning outcomes and expand public health outreach.
- Promote child rights, protection, and combat domestic violence and human trafficking.
- Enhance sanitation practices and reduce open defecation.

Budget Programme Description

The Social Services Delivery Programme provides social protection for the marginalized, ensuring inclusive access to education and healthcare, and promoting effective waste management in the district. It encompasses five sub-programmes: Education, Youth and Sports Services; Public Health Services and Management; Social Welfare and Community Development; Birth and Death Registry Services; Environmental Health and Sanitation Services.

The Programme will receive financial support from GOG, DACF, IGF, DACF-RGF and Donor support. The Department of Education, Youth and Sports, Health, Social Welfare and Community Development, Birth and Death, and Environmental Health will collaboratively deliver the programme. The implementation involves a dedicated staff strength of 182.

The primary beneficiaries of this programme include the general public and allied institutions/agencies, ensuring a broad impact on community welfare and development. The primary challenge faced by the programme is the untimely release of funds, coupled with a shortage of essential logistics. Overcoming these challenges is essential for the seamless execution of the programme and maximizing its positive impact on the community.

SUB-PROGRAMME 2.1 Education, Youth and Sports Services

Budget Sub-Programme Objective

Budget Sub-Programme Objective

- Improve educational infrastructure and learning facilities.
- Empower youth through education-focused initiatives.
- Enhance cultural and sports activities to promote community engagement.

Budget Sub- Programme Description

The Education, Youth, and Sports sub-programme is designed to empower and uplift communities through targeted initiatives. This sub-programme focuses on three key pillars:

Renovation and construction projects aim to improve educational facilities, creating conducive environments. Learning Resources: Procurement and supply of desk and other teaching and learning resources, ensure students have essential resources, promoting a more effective teaching and learning experience. Activities focusing on sports and culture, and youth development foster community engagement and a sense of belonging.

Collaboration between the District Directorate of Education, the District Office of the Ghana Youth Authority and the District Sport Authority ensures a coordinated and effective implementation of the sub-programme. Activities are executed with the participation of 18 staff.

Funding will be drawn from DACF, IGF, DACF-RFG and Donor. The beneficiaries include students, youth, and the broader community, fostering a positive and conducive environment for education, empowerment, and community engagement.

Challenges faced in the implementation include the need for timely and adequate funding and essential logistics to support the sub-program's initiatives.

SUB-PROGRAMME 2.2 Public Health Services and Management

Budget Sub-Programme Objective

- Effectively manage health facilities and implement public health outreach programmes

Budget Sub- Programme Description

The Public Health Services and Management sub-programme is dedicated to promoting and safeguarding the health and well-being of the district. This sub-programme focuses on various components to ensure comprehensive public health services and effective management. The sub-programme covers health education and sensitization, administrative and technical meetings, supervision of health facilities, coordination of district response to HIV and malaria and public health outreach programmes.

Collaboration between the Health Directorate and relevant units ensures a cohesive approach to public health services and management.

A dedicated team of professionals within the Health Department, consisting of doctors, nurses, administrators and support staff, spearhead the implementation of this sub-program.

The sub-programme is funded through a combination of DACF and IGF. The primary beneficiaries include the general public, ensuring equitable access to quality health services and information. Challenges include inadequate infrastructure, inadequate personnel and logistics to support effective health service delivery and response initiatives.

SUB-PROGRAMME 2.3 Social Welfare and Community Development

Budget Sub-Programme Objective

- Establish an effective and efficient social protection system
- Implement social intervention programmes, emphasizing PWDs and LEAP support.
- Promote child rights, protection, and combat domestic violence and human trafficking.

Budget Sub- Programme Description

The Social Welfare and Community Development sub-programme is dedicated to fostering a protective and empowering environment within the communities of the district. The sub-programme centers on key objectives aimed at establishing robust social protection systems and promoting the rights and well-being of vulnerable groups.

In other words, the sub-programme aims to create a protective and supportive community environment through targeted social interventions, advocating for child rights, and combatting violence and exploitation.

Collaboration between the Social welfare and Community Department, Education, Health and relevant agencies ensures a coordinated approach to sub-programme implementation. A team of 6 staff comprising social workers, community development officers and support staff spearheads the implementation of this sub-programme.

Major services to be delivered include.

- Facilitating community-based rehabilitation of persons with disabilities.
- Assist and facilitate provision of community care services including registration of persons with disabilities, assistance to the aged, personal social welfare services, and assistance to street children, child survival and development, socio-economic and emotional stability in families.
- Assist to organize community development programmes to improve and enrich rural life through literacy and adult education classes, voluntary contribution, and

communal labor for the provision of facilities and services such as water, schools, library, community centers and public places of convenience.

The sub-programme is funded through a combination of GOG, DACF, IGF and Donor.

The primary beneficiaries include Persons with Disabilities, LEAP Beneficiaries, vulnerable children among others. Challenges include inadequate staff, inadequate advocacy and community awareness inadequate logistics.

SUB-PROGRAMME 2.4 Birth and Death Registration Services

Budget Sub-Programme Objective

- Enhance accessibility to birth and death registration services for all residents in the district.
- Raise awareness and promote the importance of birth and death registration with the district.

Budget Sub- Programme Description

The sub-programme aims to enhance birth and death registration services in the South Tongu District. Major services include improved accessibility, accurate data management, and community awareness campaigns to emphasize the importance of registration.

Services are delivered through the Birth and Death Unit and it involves the collaboration with Statistics department, Health and Social Welfare and Community Development department. The sub-programme is funded from IGF, and the beneficiaries are the residents of South Tongu district, ensuring that, every individual has access to efficient birth and death registration services. The sub-program is executed by 3 personnel. Key challenges include limited resources for mobile deployment, community awareness campaigns.

SUB-PROGRAMME 2.5 Environmental Health and Sanitation Services

Budget Sub-Programme Objective

The objectives of the Environmental Health and Sanitation Services Sub-Programme of South Tongu District Assembly are:

- Enhance sanitation practices including solid and liquid waste management and reduce open defecation in the district.

Budget Sub- Programme Description

The Environmental Health and Sanitation Services Sub-Programme seeks to create awareness among community members on the negative health effects of poor environmental sanitation through intensive health education. It also seeks to ensure the provision of facilities towards proper and efficient management of Liquid and Solid waste in the district.

The sub-programme also seeks to mobilize people in their communities to take active part in solving health problems. Some activities to be undertaken include the following:

- Promoting and advocating the construction of household latrines
- Promotion of hand washing with soap
- Organization and management of public clean-up activities.
- Supervision and control of liquid waste collection services under hygienic conditions.
- Supervision of solid refuse collection and transportation for final disposal.
- Medical screening, hygiene education and monitoring of the hospitality industry (food and drink vendors).

The sub-programme will be funded through IGF and DACF. The staff strength delivering the sub-programme is thirty-six (36) technical officers and auxiliary staff responsible for field facilitation, monitoring, supervision and verification/evaluation of field activities and projects.

The challenges facing this sub-program are inadequate funding, inadequate logistical support, inadequate tools/equipment, lack of commitment on the part of community leadership and inadequate staffing.

PROGRAMME 3: INFRASTRUCTURE DELIVERY AND MANAGEMENT

Budget Programme Objectives

- Develop local plans for efficient land use and strengthen development control for plan adherence.
- Ensure that all infrastructure projects adhere to established standards including self-help projects.
- Implement systems for collecting and analyzing data related to infrastructure projects, maintenance schedules, and promote community participation.

Budget Programme Description

The programme seeks to reduce disparities between rural and urban areas in terms of quality of life and the provision and access to social and physical infrastructure. There are two sub-programmes under this programme. These are:

- Physical and Spatial Planning
- Public Works, Rural Housing and Water Management

Physical and Spatial Planning basically focuses on programmes and projects on human settlement development to ensure that human activities particularly towns and communities are undertaken in a planned, orderly, and spatially determined manner.

The Public Works, Rural Housing programme comprises of works, general maintenance and management, drainage management and hydrology. Works management provides technical support and consultancy services to Assembly and other donor funded public projects. It also co-ordinates the construction, rehabilitation, maintenance, and reconstruction of public buildings, government estates and storm water drainage systems. General maintenance management is involved in the rehabilitation, refurbishment and maintenance of government landed properties. Similarly, it collaborates with consultants in the execution of public assignment in pre and post contract administration services.

Water Management establishes the database for water supply, irrigation, and drainage. Drainage management involves the development of the drainage master plans, designs of hydraulic structures such as drains, culverts, storage reservoirs, bridges, and erosion control structures. The Programme is mainly delivered by the Physical Planning and

Works Departments of the Assembly with a total staff strength of 14 officers. Funding for this program is from DACF- Assembly, DACF-RFG, DACF-MP, GOG Transfers and the Assembly's Internally Generated Fund. The Infrastructure Delivery and Management program is executed to the benefit of the public and other departments of the assembly. However, it is faced with operational challenges which include inadequate staffing levels, inadequate office space and untimely releases of funds.

SUB-PROGRAMME 3.1 Physical and Spatial Planning Development

Budget Sub-Programme Objective

- Develop local plans for efficient land use and strengthen development control for plan adherence.

Budget Sub- Programme Description

The sub-programme seeks to co-ordinate activities and projects of departments and other agencies including non-governmental organizations to ensure compliance with planning standards. It also focuses on the landscaping and beautification of the district capital. The Physical and Spatial Planning sub-programme is delivered through the Department of Physical Planning and tasked to manage the activities of the former department of Town and Country Planning and the department of Parks and Gardens in the District.

Major services delivered by the sub-program include.

- Assist in the preparation of physical plans as a guide for the formulation of development policies and decisions and to design projects in the district.
- Advise on setting out approved plans for future development of land at the district level.
- Assist to provide the layout for buildings for improved housing layout and settlement.
- Advise the Assembly on the siting of billboards, masts and ensure compliance with the decisions of the Assembly.

This sub programme is funded from the Central Government transfers which go to the benefit of the entire citizenry in the district. The sub-programme is manned by 5 officers from the district assembly and are faced with the operational challenges which include inadequate staffing levels, inadequate office space and untimely releases of funds.

SUB-PROGRAMME 3.2 Public Works, Rural Housing and Water Management

Budget Sub-Programme Objective

- Facilitate and support self-help projects initiated by local communities.
- Ensure that all infrastructure projects adhere to established standards.
- Implement systems for collecting and analyzing data related to infrastructure projects, maintenance schedules, and promote community participation.

Budget Sub- Programme Description

The sub-programme seeks to enhance rural transport, maintain, and safeguard government landed properties, accelerate provision of affordable & portable water, and execute development project within the district.

The sub-program will be delivered by design, prepare bills of quantities, documentation, and tender and evaluate awards, supervise, and monitor construction works of the assembly. The organizational units responsible for this sub-program is the public works department of the district assembly with a staff strength of 8 engineers with support from the Physical Planning Department.

This sub programme is funded from the DACF, DACF-RFG, GOG and Assembly's Internally Generated Funds which goes to the benefit of the entire citizenry in the district. Key challenges in delivering this sub-programme include untimely releases of government funds and inadequate logistics.

PROGRAMME 4: ECONOMIC DEVELOPMENT

Budget Programme Objectives

- To improve efficiency and competitiveness of SMEs
- To expand opportunities for Job Creation
- To reduce food and nutrition insecurity through modernized agriculture

Budget Programme Description

The programme seeks to empower small and medium scale business both in the agriculture and service sector through various capacity building models to increase their income levels. The program focuses on identifying new avenue for jobs, value addition access to market and adoption of new and improved technologies in agriculture and industry. The program has two sub programmes namely, Trade, Tourism, and Industrial development, and Agricultural Services and Management

The Agricultural Services and Management and Trade, Tourism, and Industrial development Sub-Programme is delivered through several operations namely:

- Identification and assisting farmers to stay abreast with good agricultural practices.
- Enhancing the capacities of extension service providers in approaches to climate change adaptation and mitigation processes
- Organizing business counselling and monitoring
- Supporting small and medium scale business to access business loans

The beneficiaries of the program include Artisans, Farmers, Business Entrepreneurs, Traders, and the Public. The programme is funded mainly by GOG, DACF, IGF and Donor sources. The programme is delivered by a total staff strength of 32 from the Business Advisory Center and the Agric Department. Key challenges of this programme include untimely release of funds and inadequate office space.

SUB-PROGRAMME 4.1 Trade and Industrial Development

Budget Sub-Programme Objective

- To increase SMEs access to financial services.
- To improve efficiency and competitiveness of SMEs.
- To promote trade and small-scale businesses.

Budget Sub- Programme Description

The sub-programme seeks to provide skills training for the youth in the various communities by training them in soap making, carpentry, dressmaking, and textiles. These groups will be assisted to get loans through micro loans facilities and help from external factors so that they can start their own business. This will be done by monitoring the clients' day to day activities of the business, by visiting them and counseling them on how to achieve their goals and sensitization about any loan or startup kits for them to apply.

The organizational unit involved in delivering the sub-program is the Business Advisory Center in collaboration with District Development planning, Co-operative, Agriculture Dept., and National Youth Authority.

We register SMEs, Local Business Association (LBA) and BDS providers, organizing skills training for the youth in the district and give business advise on how to keep your business running. The Business Advisory Center is finance by Internal Generated Funds (IGF), District Assembly Common Fund (DACF), Rural Enterprise Programme (REP) and External Sources. Beneficiaries include the youth, women, Farm-based organization (FBOs), Artisans, Women and People with Disability (PWD).

Business Advisory Center is run by two staffs, one from Co-operative and one from the business advisory center. The service delivery efforts of the departments are difficult to achieve because there is inadequate office equipment, low interest in technical apprenticeship, transport, inadequate funding and inadequate staff and logistics.

SUB-PROGRAMME 4.2 Agricultural Services and Management

Budget Sub-Programme Objective

- To assist in the formulation and implementation of agricultural policy for the District Assembly within the framework of national policies.
- Increase access to extension services and education to farmers in the district.
- Boost agricultural productivity and food security through value addition and food preservation

Budget Sub- Programme Description

The department of Agriculture is responsible for delivering Agricultural Service and management of the sub-programme. This sub-programme seeks to provide effective extension and other support services to farmers, processors, and traders for improved livelihood in the district. The sub-programme will ensure identifying and disseminating improved up-to-date technological packages to assist farmers engage in good agricultural practices. Will also enable the transfer improved agricultural technologies using effective and efficient agricultural extension delivery methods thereby boosting agribusiness.

The sub-program operations include.

- Provision of extension services to farmers.
- Assisting and participating in on-farm adaptive research.
- Lead the collection of data for analysis on cost effective farming enterprises.
- Advising and encouraging crop development through nursery propagation.

The sub-programme will be undertaken by 13 officers from the Agric Department and 3 Officers from the Veterinary unit with funding from the GOG transfers, DACF, IGF and Donor (MAG). It aims at benefiting the public and farm-based organization. Key challenges include inadequate staffing levels, inadequate office space, untimely releases of funds and inadequate logistics.

PROGRAMME 5: ENVIRONMENTAL MANAGEMENT

Budget Programme Objectives

- Reduce disaster risks and emergency management across the district
- Preserve the natural environment by promoting implementation on Forestry and halt Deforestation

Budget Programme Description

The programme seeks to reduce disaster risks and emergency management across the district and improve quality of life. This programme will comprise extensive and intensive public sensitization and awareness creation through public education and climate change campaigns, such as tree planting exercises in various communities. Rescue operations and relief items will be provided in the event of any disaster. There are two sub-programmes under this programme. These are:

- Disaster Prevention and Management
- Natural Resource Conservation.

The Disaster Prevention and Management sub-programme seeks to enhance the capacity of the District Assembly to prevent and manage disasters through effective disaster management, social mobilization and always prevent undesired fires.

While the Natural Resource Conservation sub-programme seeks to foster and promote the culture of leisure and healthy lifestyle among Ghanaians through greening of human settlements. It basically provides open spaces and enhances the aesthetics and creates loveable human settlements to ensure functionality of urban and rural areas. The programme benefits the entire community as it creates job opportunities for vast majority of urban and rural unemployed youth, and it is funded through Central Government Transfer, Assembly's IGF and Other Donor Funds.

The Environmental Management Program is executed by the NADMO and Forestry department of the assembly with a total staff strength of 35. Some key challenges the various departments face in running this programme include untimely release of funds from Central government, limited logistics and working space and inadequate staff.

SUB-PROGRAMME 5.1 Disaster Prevention and Management

Budget Sub-Programme Objective

- To manage disasters by building the capacity of communities to respond effectively to disasters and improve their livelihood through social mobilization, employment generation and poverty reduction projects.

Budget Sub- Programme Description

The National Disaster Management Organization (NADMO) section under the Assembly is responsible for delivering the sub-programme with a staff strength comprising of (7) administrative staff, (9) zonal coordinators totaling (16) officers and two hundred (200) DGVs members. It seeks to assist in planning and implementation of programmes to prevent and/or mitigate disaster in the district within the framework of national policies.

The sub-program operations include.

- To facilitate the organization of public disaster education campaign programmes to create and sustain awareness of hazards.
- Prepare and review disaster prevention and management plans to prevent or control disasters.
- To participate in post disaster assessment to determine the extent of damage and needs of the disaster area.
- Co-ordinate the receiving, management, and supervision of the distribution of relief items in the district.
- To empower community response teams to undertake prevention, emergency response and recovery activities.
- Develop and establish standard assessment procedure to identify communities and household risk level.

The sub-programme as already mentioned will be undertaken by officers from NADMO with funding from the GOG transfers and Assembly's IGF, District Assembly Common Fund, and other Donor support. The sub-programme is executed to benefit the entire

citizenry within the district. Some key challenges that the sub-programme faces include inadequate office space and logistics, and untimely releases of funds.

SUB-PROGRAMME 5.2 Natural Resources Conservation and Management

Budget Sub-Programme Objective

- The Forest Services Division which falls under the Forestry Commission of Ghana is responsible for the
- Regulation of utilization of forest and wildlife resources.
- The conservation and management of those resources and the coordination of policies related to them.
- To implement existing laws and regulations and programmes on natural resources utilization

Budget Sub- Programme Description

Natural Resources Conservation and Management refers to the management of natural resources such as land, water bodies, plants, and animals. Natural resources conservation and management seek to protect, conserve, and sustainably manage forest and wildlife resources through collaborative management.

The sub-programme brings together land use planning, water management, biodiversity conservation, and future sustainability of industries like agriculture, tourism, fisheries, and forestry. It also recognizes that people and their livelihoods rely on the health and productivity of our landscapes, and their actions as steward of the land plays a critical role on maintaining this health and productivity. The sub-programme is spearheaded by Forest Services Division and Game and Wildlife under the Forestry Commission with a total staff strength of 26.

The funding for the sub-programme is from central Government transfers, IGF, District Assembly common fund and MPs Common funds. The Sub-programme would be beneficial to the entire residents in the district. Some challenges facing the sub-programme include inadequate residential accommodation, untimely releases of funds and inadequate logistics for public education and sensitization.
